

TWUA PANHANDLE REGION

2024 Golf Scramble

Do you know where your water comes from? Do you know where wastewater goes?
Would you like to interact with the men and women who operate your public water systems?

Clean water is one of the most important resources to humans on planet earth.

The TWUA Panhandle Region is hosting a non-profit 4-person Golf scramble to build up the VM Ehlers scholarship fund. The fund supports student scholarships for college.

We need public support to encourage and educate young men and women about the value of choosing a career in the water and wastewater industry!
